

A Daring Rescue (Dolphin Island #1)

Daring Rescue Dolphin Island

In the heart of the Pacific Ocean, there is a remote and beautiful island called Dolphin Island. The island is home to a population of dolphins that are known for their playful nature and intelligence. However, one day, a group of tourists who were visiting the island were attacked by a pod of killer whales. The tourists were stranded on the island, and the killer whales were circling, waiting for them to come out of the water.

The news of the attack reached the mainland, and a team of rescuers was quickly assembled. The team was led by Dr. Emily Carter, a world-renowned marine biologist. Dr. Carter and her team arrived on the island and quickly assessed the situation. They knew that they had to act quickly to save the tourists.
