

# English for Students Needing to Increase Their Band Score (& Their Tutors and You)

If English is not your first language, you may be required to sit the International English Language Testing System (IELTS) to gain entry to an English-speaking university or to work in an English-speaking environment. The IELTS is a standardized test that assesses your English language skills in four key areas: Listening, Reading, Writing, and Speaking.

A band score of 5-6.5 is considered to be a good level of English proficiency. However, if you need to achieve a higher band score for your desired university or job, this book can help you.

This book provides comprehensive material for each of the four key components assessed in the IELTS exam:

**IELTS Speaking Practice Tests Questions #15. Sets 141-150. Based on Real Questions asked in the Academic and General Exams: For students needing to increase their band score, and their tutors and you** by Jason Hogan
