Step-by-Step Tutorial

1. Create the Foundation Row:

1. Thread the needle and create a loop.

3. Repeat this process until you have your desired number of beads for the foundation row.

2. Start the Next Row:

1. Slide one seed bead onto the thread and bring the needle back up through the next bead in the previous row.
2. Slide another seed bead onto the thread and bring the needle back down through the next bead in the previous row.
