

Road Map for the National Single Window in Maldives: Unlocking Trade Efficiency and Economic Growth

In today's interconnected global economy, efficient trade processes are vital for fostering economic growth and competitiveness. The Republic of Maldives has recognized this and embarked on a transformative journey to establish a National Single Window (NSW) system, streamlining trade procedures and unlocking a wealth of benefits for businesses, government agencies, and the entire nation.

What is a National Single Window?

A National Single Window is an electronic platform that integrates various government agencies involved in trade-related activities, such as customs, quarantine, and business registration. It provides a single point of contact for importers, exporters, and other stakeholders to submit required documents and information, reducing administrative burdens and expediting trade processes.
