Ajit, the older brother, was a brilliant student and a natural leader. He was always at the top of his class and seemed destined for great things. Arun, on the other hand, was more of a free spirit. He loved to play cricket and spend time with his friends. He was also more interested in the arts than in academics.

As the brothers grew older, their differences became more pronounced. Ajit went on to become a successful businessman, while Arun struggled to find his way in life. He eventually became addicted to drugs and died of an overdose at the age of 29.

Joseph's memoir is a deeply personal account of the love and loss he has experienced in his life. He writes with great honesty and insight about the complex relationship between his brothers, the impact of their upbringing on their lives, and the power of forgiveness.

Two Brothers, Two Fates, One Indian Childhood is a beautifully written and deeply moving memoir that will stay with readers long after they finish reading it. It is a powerful reminder of the importance of family, love, and forgiveness.
